The Investigatory Powers Tribunal

The Investigatory Powers Tribunal Human Rights Act Claim Form T1

Please use this form if your claim is that your human rights have been infringed within the terms of the Human Rights Act 1998.

You will need to complete this form if your claim is against any of the Intelligence Services or one or more of the Public Authorities listed in the accompanying T1 information leaflet. Your claim must also include circumstances which involved (or which currently involve) the conduct described in the information leaflet.

If you wish to make a complaint, please complete form T2.

Please complete the form legibly. When you have completed the form please sign and date it together with any separate sheets which you wish to submit alongside the main form.

You must also supply, either in or alongside the T1 form, a summary of the information, and any other documentary evidence where appropriate, on which your claim is based.

Please answer the following questions to the best of your knowledge and belief. If there is insufficient space on this form please use an additional sheet of paper if you need to, making it clear to which questions the additional information relates.

1. Which organisation (or organisations) do you believe has infringed your human rights? (See the information leaflet)

British Telecom PLC, The Communication Workers Union, Nottinghamshire Police, Nottingham Mental Health Crisis Team. It's likely numerous other organisations and individuals have been involved also.

2. Which of your human rights do you believe has been infringed? (See the information leaflet or Tribunal website)

(i), (ii), (v), (vi), (vii), (ix)

3. At which place or places were your human rights infringed? (See the information leaflet or Tribunal website)

My Home, around Nottingham City Centre and in Central London

4. What happened? (Please give details of what happened and, if it is not obvious, why you believe that what happened amounted to an infringement of your human rights. See the information leaflet or Tribunal website)

I was an employee at British Telecom. I was in a dispute with BT, involving the CWU, and falsely labelled a security threat and placed under 24 hour surveillance by the police and subject to serious harassment - my details were likely shared across some social media networks as well.

It should be fairly easy to confirm that a huge amount of police resources and money was wasted subjecting me to 24 hour surveillance and harassment during the latter half of 2022 and early 2023 for absolutely no reason - I was falsely labelled a security threat by figures in BT to deflect their failings and wrongdoings - which are very, very serious to say the least.

This started after notifying the Home Secretary regarding serious cultural concerns within British Telecom and corruption in The Communications Workers Union - The Union had taken back handers to bury my case. To make things worse the managers (and the culture they imposed) the CWU took back handers to protect would go to Qatar during the World Cup and offend some very, very powerful people in the Middle East after me having warned two Home Secretaries (Dame Patel and Suella Bravoman) that a number of managers in BT were a serious problem.

For the record under Dame Patel and Boris Johnson action was taken to reign in the issues I highlighted but after the removal of Boris Johnson things returned back to normal (in less than 24 hours).

It's now easily provable that all the smears against me were completely false and I was being targeted and harrassed purely for tactical gain (and political reasons) by British Telecom - to prevent a damaging case I had on them going further.

I'm not able at present to resolve any of this through traditional legal means as after speaking to a Barrister they have

5. On what date did the infringement happen at each place? (See the information leaflet)

(1) Throughout Nottingham during the period of around August 2022 to October 2022,
(2) The exact same time the triple killing in Nottingham happened in June 2023
(3) May to June in 2025
(4) Constant infringements were also made throughout my employment at BT.

6. Is there evidence, other than your own, in support of your claim? If so, who could provide that evidence? What is that evidence likely to be?

I believe you *may* obtain verbal testimony from the Qatari Ambassador and the US Secretary of State, Vice President and President. You should also easily obtain confirmation from Sir Jacob Rees Mogg, Chris Philp MP, Nadia Whittome MP.

7. If the events which you are complaining about happened more than one year ago, please provide a full explanation for the delay in submitting your claim

(See the information leaflet)

I was given the impression by the DWP 16 months ago that this case would be resolved by a tribunal which happened today but did not give the desired outcome

However in May & June of this year illicit attempts were made to diagnose me as being mentally ill so as to a) absolve any corrupt officials or parties from Legal, Political or Moral consequences of their actions and b) justify placing me on detrimental medication so as to limit me ability to pursue this any further and keep me indefinitely trapped within the mental health system.

8. If the Tribunal upholds your claim, what remedies do you seek?

(See the information leaflet)

My life has been permanently damaged verified by multiple Doctors. I'll be seeking several months recovery in a specialist Swiss retreat like Chenot and a complete retirement package (including assistance with possible remigration).

Do you wish correspondence from the Tribunal to be sent to you or to your solicitor or adviser instead of to you? Please tick one box only.
